De Hollandsche Molen Christmas Outspan

01 to 03 December 2023

The Christmas spirit and festive cheer was welcomed in by the L21 members this weekend at DHM. The joy and love that was shared amongst everyone present was awesome and I am pleased to say that lots of good memories were made and in my books one of my best outspans ever.
On Friday one could feel the excitement as everyone put up their xmas lights and decorations. There were Oohs and Ahhs and great admiration for everyone's colourful dazzling lights and xmas trees. This really set the tone for the weekend.

On Saturday a few went off to explore the xmas markets and the town but most were busy preparing for the xmas dinner. After the special general meeting to elect the vice chair the tables were laid out. With great excitement everyone took their time decorating their tables and making sure that it looked perfect. What a pretty site when it was all done. The scrumptious food was then laid out for everyone to enjoy. It was a meal fit for a King. Thanks to everyone for putting in the effort to make our dinner so awesome. For some it was "magies vol, oogies toe" but others enjoyed the fires and the windless evening.

Sunday was a beautiful overcast day just the right weather one needs for packing up. After Indaba and sharing out of the left over foods everyone wished each other well over the festive season and started heading home. I pray that God will bless us all and keep us safe into the new year. Merry Christmas to everyone.
