ONRUS
24 – 26 FEBRUARY 2023

We all had an amazing weekend at Onrus with Trekkers Laager 21. Friday was do your own thing, so everyone did what they felt like. On Saturday we had a street braai - due to plot 71 being open we changed it to a combined braai on the plot. A few did not read the change, so they had a street braai. The rest of Laager 21 gathered on plot 71 and we had an awesome evening braaiing and laughing the night away. We supplied the salads which were coleslaw, curry noodles and bean salad which was enjoyed by all. Thank all for making it an enjoyable evening.

We ended the weekend with Indaba at 10am. Donovan got Marty, and we got the wooden spoon for changing the street braai to a communal braai.
