LAAGER 8

Chapman's Peak Caravan Park 21st-23rd July 2023

Hi there Trekkers,

This is definitely the last time we will be camping here ??? We will see.....
We will have great memories of this lovely tranquil park and on Friday when we arrived the weather was sunny and pleasant especially if you could find a sunny spot between the trees. Rosemary and Johan were already set up on the right hand side so Leslie and Marieta pulled in next to them. I opted for the left side as the sites are easier to just drive in to.
David and Angela arrived soon after and we were all set up and beginning to feel the chill.
Fires were lit up and after some catching up and chatting we were enjoying our braais. Rose and Johan arrived in time to revive some embers and cook their meat too. They had been babysitting.
By 9 0'Clock the yawns were starting and folk were making for bed, so I left and went to sleep at home as I had a memorial service to attend in the morning.

Saturday was a bit chilly to start but as the day progressed we could feel the rain coming. We arranged to go to the Spur for supper as the rain started at 6. We all enjoyed the warmth and the meals, Sue and Doug joined us there and we all had a jolly evening making the most of the pensioners specials. It rained quite a bit in the night, but was intermittent during Sunday morning.
We held Indaba in the sun and enjoyed some nice eats and cake afterwards. Dave and Angela had family visit with little children and Angela was kept busy going down to the playpark.
Marieta and Leslie also had visitors, so the remainder of us enjoyed a braai at the Conradies.
We all packed up around 4 after a very pleasant weekend.

INDABA
Dave welcomed us maybe for the last time ever to Chappies,

APOLOGIES
Were received from M and A, S and D, W and C, D and B, A and C.

BIRTHDAYS
