Together Story

Love is in the Air Mattress: Laager 15's Onrus Adventure

As the last few golden days of summer lingered, the members of Laager 15 rolled into the Onrus Caravan Park in Hermanus for our highly anticipated February Outspan. Held over the weekend of February 27th to March 1st, 2026, this camp came with a delightfully cheeky Valentine's theme: "*Love is in the Air Mattress!*".

— good company, laughter, and flowing conversation.

Friday

The weekend kicked off on Friday evening with a buzz of excitement as members officially arrived. Once the camps were set up, everyone gathered around the warm glow of the campfire for a relaxed meet-and-greet. The air was filled with good company, laughter, and flowing conversation. We were also thrilled to welcome a few visitors to the outspan this month!. Thank you for joining us! your company truly added to the warm and enjoyable spirit of our fellowship.

Valentine's Day lunch

Saturday morning dawned with a peaceful, relaxed atmosphere as everyone began preparing for the much-anticipated Valentine's Day lunch. By 2:30 PM, the men folk were slowly gathering their ingredients and firing up the cooking stations, even as a slight wind picked up and clouds began to gather overhead.

Meanwhile, creativity was in full bloom!. Members enthusiastically decorated their tables with beautiful red roses, wine, and gorgeous Valentine's décor.

But, as any seasoned camper knows, Mother Nature loves a plot twist. A sudden drizzle meant it was time to pivot to "Option B"

Although the rain delayed the official start of the festivities, absolutely nothing was going to stop this Valentine's celebration. Campers simply retreated to get cozy in their tents and caravans, enjoying their lovingly prepared suppers under canvas and aluminum.

Refusing to let the weather dampen our spirits or our good humor, we took the party on the road visiting between the various campsites to share our food, spread the love, and keep the good cheer flowing.

Calm after the intense night

Sunday: Looking Ahead

By Sunday morning, it was time for our usual Indaba, which began with a beautiful session of praise and worship. A special congratulations went out to Beverly, who was proudly presented with the Berry Award!.

Of course, our Fines Master, Bennie, was in rare form, holding absolutely nothing back as he collected fines. With our sights firmly set on a specific target for our 2027 charity, members dug deep and donated as generously as ever.

As we packed up our gear, hearts full and memories made, Laager 15 is already looking forward to our next big adventure the combined gathering at Ouskip!.
