LAAGER 15 OUTSPAN – FYNBOS – 16TH – 18TH SEPTEMBER 2022

Friday afternoon campers arrived and set up camp while others were relaxing and chilling for a while as they arrived earlier in the day. A geselsvuur was enjoyed by all the evening as we caught up on happenings in the past month. Campers slowly departed for bed when tirednedness crept in.

Campers awoke to a fresh chill in the air Saturday morning resulting in an

early morning fire being lit by some campers who enjoyed lazing around the fire with their warm beverages while other campers also joined to enjoy the warmth of the fire.
As the day progressed some campers explored the town, others explored the campsite as there are quite a few different animals on the farm, while others preferred to remain at their campsite with a book or just chill.

Saturday evening all campers gathered to enjoy a braai as well as the delicious salads that was prepared by the Smith family who was our hosts for the weekend. Once again L15 GEES erupted

and the evening continued with lots of conversation and laughter around the magical fires.

Sunday morning John (visitor) delivered warm koeksisters to all our campers which was a great start to the day.....thank you John. Inada started at 10am which was opened in prayer by Benny. We were taken by surprise with a duet for Praise and Worship from JD(6yrs) and Emily (3 yrs), grandchildren of Anthony and Carol Macauley....preciuos moments...
Indaba finished at 11am and some campers were ready to leave immediately after indaba while others remained to chill,

have lunch and then by late afternoon departed for home.

Once again an awesome weekend enjoyed by all.
Keep the L15 GEES alive!!!!!
