BERGRIVER COMBINED
24 to 26 MARCH 2023

On Friday during the course of the day most of the members arrived, by Friday evening everyone was looking forward to the meet and greet shooters evening. After looking out for someone you didn't know and downing your shooter, everyone was getting on like long lost friends chatting around the geselsvuur. Even though most had read the weather report predicting rain for the Saturday, seeing the stars and enjoying the lovely weather we all hoped the weather forecast was wrong.

But alas Saturday dawned overcast and before long the rain started, everyone went about their business in the morning, either going out for breakfast or to the shops or wine tasting or just enjoying being at the camp.

The rain couldn't dampen our spirits so even though we couldn't go ahead with our games we soon changed direction, found bingo in the stores, assembled all the prizes that L21 Exco donated, thanks again for all the wonderful prizes that you donated, erected another tarpaulin and soon Bingo was under way under the expert guidance of Merlin our Bingo master. Luck was definitely on Jenny's side as she walked away with quite a few prizes, thanks to all those that took part it was awesome.

Soon the fires were lit and luckily by 8pm the rain had stopped, and we could sit chatting around the fires again with some only going to bed in the wee hours.

Sunday morning weather was lovely again and after the NAGM organizing committee meeting and Indaba most people packed up and headed home.

Thank you once again to all the members of L8, L15 and L21 for attending and for all the camaraderie and friendship over the weekend. I'm looking forward to more combined weekends going forward

Happy camping
Lesley
PROVINCIAL CHAIRPERSON
