Friday was a beautiful summers day, with temperatures being quite high. Although the water was freezing, almost everyone went in the water to cool down. After supper everybody gathered around the gesels vuur to catch up, with quite a few turning in early.

Saturday was a beautiful day with a bit of wind, which made it quite pleasant not having the blistering heat. Some members went to breakfast, markets while others went down to the lagoon with the kids to warmer water. It was beautiful frolicking in the water.

Late afternoon, we all started to prepare our pots for the potjie competition. Although cut off time was at 19h00, Keith as usual was late with his pot and was fined for it. Joy visiting with L15 was the judge of the potjie competition. After the tasting we all sat around the campfire and enjoyed each other's company until late into the night.
