TORC Laager 15 – Onrus Weekend Adventure

February 7–9, 2025

What an incredible weekend we had at **Onrus Camping Site in Hermanus**! Just 100 km from Cape Town, this beautiful coastal spot once again set the scene for an unforgettable Laager 15 getaway.

Friday Night – Setting Up & Settling In
As the sun dipped behind the mountains, our campers arrived and got straight to work pitching tents and caravans and setting up for the weekend. But, of course, no Laager 15 camp is complete without a little socializing! Laughter, chatter, and the familiar warmth of our camping family filled the air as we caught up and eased into the weekend.

Saturday – The Famous Street Braai
Saturday was all about **the great Laager 15 tradition**—our street braai! Armed with portable braais and their favourite cuts of meat, everyone came together to create a feast under the open sky. A special thank you to **Cheslyn and Carmen Petersen**, who provided three delicious salads to complete the meal.

After our feast, the fun continued with a round of *"We're Going on a Picnic"*—a game that never fails to get everyone laughing (if you know, you know!).

The Weekend Wrap-Up
As always, the weekend flew by far too quickly. From the camaraderie around the fires to the shared stories and the breath-taking coastal surroundings, **every moment was filled with joy**. Laager 15, you never disappoint!

Until our next adventure—**happy camping!**
