

PINE LODGE 19 TO 21 MAY 2026

Due to a second wave of heavy rains, Sitrusoewerivier suffered loss again, and we were unable to go there. Pine Lodge kindly accommodated us and 7 families arrived on Friday to enjoy the weekend together.

Darren and Liande celebrated their new car by providing the club with wine and OB's which was frequently tested and approved by myself and enjoyed around the fire by all that evening. It was very festive and for a change the law did not come and tell us to tone it down. By the way, the fire master was the best one the club has ever had! Just saying 😊

Saturday was another beautiful day and each family made a Father's day breakfast under the awning. There was lots of chatter and laughter with wonderful smells wafting around the camp. It was a lazy day. Another cheerful gathering was had around yet another top class fire, and most retired quite early.

Sunday was another magnificent day. The committee treated us all to delicious jaffles made on another excellent fire 😊. Gayle and I went for a walk, others played pool or sat around chatting. Brendan arrived on his bike to spend some time with us, followed a while later by Rozanne and the girls who gave him a ride home in the car after sha-na-na.

Most families left the camp straight after sha-na-na. It was a really chilled, relaxing weekend.

See you all at Willows. Until then, stay safe and be good.
