Dagsê Hoëvelders

Nog 'n saamtrek en nog 'n fees in die Wildtuin. Ja indien jy nie daar was nie het jy ongelukkig nie die natuur geniet en die groot vyf gesien nie. Dit werk nou maar so dat van die lede vroeër kan ingaan as gevolg van hul ouderdom en die tyd wat hul het - die pensionarisse. Maar almal behoort hierdie fase in die lewe te behaal en te geniet.
Donderdag het die laaste kampers ingekom en elkeen het 'n staanplek gekry. Skukuza kamp is nie maklik om bymekaar te staan nie maar ons het elkeen 'n lêplek gekry.
As always some campers saw more game than others, maybe it was the early bird that catches the worms. Those who weren't at the Kruger missed the lovely warm weather and the evenings around the campfires. We were lucky to see the African Darter who caught a small fish and swallowed his meal. The bird-hide always have something special to experience.

With the absence of a fines marshal the chairman keeps us busy with a "treasure hunt" for our yearly Niek Engelbrecht Trophy. Die wat deelgeneem het, het beslis die park en in besonder Skukuza kamp leer ken en al die geskiedkundige feite. En die wenners was Ben & Dina. Wat is die groot vyf? Onhou net daar is nie "tigers" in die park nie.
Van die lede het dan ook soos die gewoonte is, Saterdagoggend by Nkuhlu ontbyt gaan maak. Alhowel die apies bietjie gepla het het ons lekker gekuier.
